Come Explore the world of Wayside Coven. Witches from the Wayside is a book series about the wonderful world of magic and the witches that oversee it. Wayside Coven keeps the balance of dark and light magic in the world of wayside. Like all things in nature, magic must be balanced. In the first book of this series Witches of Wayside Coven you get to meet the witches that give power to the Wayside. Each witch has her own story and motivations that fuel her powers. No two witches are alike, but all are powerful and help maintain the balance. But now Wayside Coven has a few new apprentice witches, see if they will be inducted into the light or pulled into the dark of Wayside. Will the balanced be maintained, or is there a plot within Wayside to disrupt the balance and shift the power to either the dark or light????.
