*Top poker player Gus Hansen ("The Great Dane") has launched an online poker room he has called "PokerChamps".*

PR9.NET October 22, 2004 - A unique feature of [www.pokerchamps.com](http://www.pokerchamps.com) is that you can play at four hands simultaneously on a single screen. You can select OneScreen, EnlargedScreen, DuoScreen or FourScreen windows. PokerChamps is the only Internet poker room in the world that offers players this facility.

In addition, the double World Poker Tour winner gives tips and hints on the website - and frequently plays there himself.

Another interesting new feature is the site's affiliate system. Users can invite their friends to join and receive a bonus.

Games include Texas Hold'em, Omaha, Omaha Hi-Lo, Seven Card Stud and Seven Card Stud Hi-Lo. There are daily real money freerolls - and new players don't need to make a deposit on signing up to play in them.

Gus Hansen says: "During the last year I have dedicated much of my time to the creation of the best Poker software on the net - which I truly believe [PokerChamps.com](http://www.pokerchamps.com) is turning out to be. During my years of playing Poker I have always been focused on the actual game and not the surroundings."

Gustav "Gus" Hansen is a 30-year-old professional poker player with an impressive record. Born in Copenhagen, Denmark, he first made his mark as a professional backgammon player. When not traveling the World Poker Tour or attending other tournaments, Gus lives in one of his two homes - in Monaco and Las Vegas.

Steely and hard-to-read, he has become famous for his unpredictable play and willingness to take huge risks. In a very short time, he has attained a reputation as the craziest poker player in the game: he is not afraid to play any hand and play it very aggressively. He relishes a good bluff.

To get the best bonus offers from [PokerChamps.com](http://www.pokerchamps.com)., go to the leading online poker community website, [www.pokernews.info](http://www.pokernews.info), which has entered into an exclusive agreement with Hansen.

[www.pokernews.info](http://www.pokernews.info) is masterminded by famed poker pro Tony G. (Antanas Guoga). As well as up-to-date poker news, his website features game reviews, home poker games locations, poker rules, games and variants, poker books and video poker game links. Poker jokes and a poker terms section have recently been added. And players can ask and answer questions in its poker forum.
