*ComputerKiddies of Manalapan, a computer training center for children and adults offering programs from Imagine Tomorrow (TM) and many other types of training nd programs, will be hosting a blood drive July 22, 2005.*

PR9.NET July 07, 2005 - ComputerKiddies of Manalapan, a computer training center for children and adults, working with the Central Jersey Blood Center, will host a blood drive at their location at 83 Bridge Plaza Drive, Manalapan, NJ 07726 from 10-2PM on Friday, July 22, 2005. Bridge Plaza is located off of Union Hill Road in Manalapan about 1/2 mile West of Route 9 across from the Wawa shopping center.

All area residents are invited to participate as local blood supplies are low and blood is urgently needed throughout the area.

To make a reservation to give blood sometime on July 22nd please call the ComputerKiddies main telephone number at 732-536-5744 or send us an electronic mail message to secure your appointment.

ComputerKiddies is a Manalapan, New Jersey based computer training center for both children and adults. Children are offered classes in the Imagine Tomorrow program, which helps young learners develop early literacy skills and familiarizes children with technology and computer concepts. Classes in a variety of other computer technology areas are also available at our new, state-of-the-art computer center in Manalapan, New Jersey.

###

## About Computer Kiddies of Manalapan

ComputerKiddies of Manalapan offers fun young child care and problem solving and computer activities for children. We pride ourselves on working with children to provide them with a very enjoyable computer activity session that they will look forward to attending again and again! Our technology based activities for younger children are powered by the ImagineTomorrow™ software packages. We also work with parents of older children as well as adults to develop customized programs related both to technology training as well as to the development and improvement of their basic educational skills and knowledge to meet the specific development needs of each family member.
