Computer Kiddies of Manalapan now offers on-site computer training and educational classes for kids at local preschools in the Monmouth County, New Jersey area. These classes, which focus on teaching children ages 3-7 how to properly use the mouse and keyboard as well as providing lessons to develop a child's literacy skills, are offered to schools in towns such as Manalapan, Marlboro, Freehold, Old Bridge, Colts Neck, Hazlet, Monroe, Morganville and Englishtown.

PR9.NET August 07, 2005 - Computer Kiddies of Manalapan recently announced a new program activity to offer the ImagineTomorrow™ custom software training program for children to local schools for children ages 3-7.

This remote program is delivered on our laptop computers within the school facility. The on-site computer training program was created to take the outstanding and innovative ImagineTomorrow™ curriculum out to local pre-schools, kindergarten classes, libraries and other local organizations. This program is available not only in Manalapan but also in other communities that we serve such as Marlboro, Freehold, Morganville, Old Bridge, Monroe, Englishtown, Holmdel, Hazlet and Colts Neck. Or, if requested, the computer training program for children can also be offered within other areas of New Jersey within the Monmouth and Middlesex County areas.

###

About Computer Kiddies of Manalapan

ComputerKiddies of Manalapan offers fun young child care and problem solving and computer activities for children. We pride ourselves on working with children to provide them with a very enjoyable computer activity session that they will look forward to attending again and again! Our technology based activities for younger children are powered by the ImagineTomorrow™ software packages. We also work with parents of older children as well as adults to develop customized programs related both to technology training as well as to the development and improvement of their basic educational skills and knowledge to meet the specific development needs of each family member.
