## *Engineer-to-Order Manufacturers Offered Tutorial Webinar*

PR9.NET August 11, 2005 - Encompix, the leading ETO (Engineer-to-Order) ERP (Enterprise Resource Planning) leader is now offering On-line Tutorials at their members section of the website ([www.encompix.com](http://www.encompix.com)). These tutorials are developed from award-winning documentation and on-line help. They are task oriented and designed to train a user on a specific business function. Each tutorial is a self-paced, interactive simulation, enabling users to perform a task as though you were actually using Encompix.

There is an opportunity to preview the tutorials with the award-winning Marge Roberts. Roberts will be conducting three webinars during August. Each webinar will last approximately 30 minutes and will provide an overview and some examples of the tutorials. The remaining webinar is being held on Tuesday August 16, 2005. All webinars will begin at 11:00am EST. For more information on joining a webinar, just send an email to: [mroberts@encompix.com](mailto:mroberts@encompix.com).

According to ETO Institute ([www.etoinstitute.org](http://www.etoinstitute.org)) spokesperson, Thomas R. Cutler, "Encompix continues to take the leadership role in technology solutions for the Engineer-to-Order manufacturing sector." Encompix has filled the manufacturing software requirements of Engineer-to-Order companies since 1992. The company name reflects the commitment to developing business application solutions that encompass the complex areas of project-based and job-based manufacturing. Encompix provides ETO manufacturers with a competitive advantage by improving bottom line results.
