

Exabytes Offers ColdFusion Hosting Plans

Exabytes Network Pte Ltd, August 11, 2005

URL: <http://www.pr9.net/comp/internet/2248august.html>

Offers ColdFusion MX 7 Shared and Reseller Hosting Plans; provides 25% discount on signing up before 15th August 2005.

PR9.NET August 11, 2005 - ExaBytes Network Pte Ltd, a web hosting, email hosting and domain name registration service provider, recently announced that it is offering ColdFusion MX 7 Shared and Reseller Hosting Plans.

According to the company, this would include new features such as structured business reports, printable web content and rich forms. As an introductory offer, the company is offering a 25% discount on signing up before 15th August 2005. Customers are required to enter the coupon code given on its site during signup in order to avail the discount. This code is transferable and can be used multiple times.

It also announced that on signing up with Exabytes EBiz 2, EBiz 3, EBiz 4 or EBiz 5 ColdFusion MX 7 Hosting Plans, it is offering a USD 14.65 value domain name free of charge.
