Electronics Leader has launched its New Online GPS Store – ElectronicLeader.com. The store features advanced GPS Solutions from manufacturers such as Garmin, Lowrance and Magellan. All the solutions are competitively priced and assure timely deliveries with continuing after sales support.

PR9.NET September 23, 2005 - Charlevoix, MI - ElectronicsLeader.com, an online store for GPS solutions has entered the Ecommerce market with high quality GPS products at competitive prices.

ElectronicsLeader.com specializes in GPS (global satellite positioning) solutions and currently offers high quality GPS products at competitive prices from manufacturers such as Garmin, Lowrance and Magellan. ElectronicsLedeat.com offers various kinds of GPS devises for Automotive, Marine or outdoor requirements and also offers GPS accessories and software's.

While ElectronicsLeader.com currently specializes mainly in GPS Solutions, their future goals include breaking into new markets to fill an assortment of consumer electronic needs.

Charles Maskaluk, owner and sales manager, has seen his business grow from a GPS products and consumer electronics provider on eBay to a million dollar store in less then 5 years. In April 2005, Charles hired Douglas Seib – Emerson College, New Media graduate – to be his New Media and Ecommerce Manager. Doug specializes in web design and development and the new ElectronicsLeader.com reflects his talents – a clean, well designed and easy to navigate online store.

The online store is has already begin impressing online shoppers. Jon R, one of the first customers of ElectronicsLeader.com said "I usually don't email anyone at the end of an online purchase unless in the rare case there is a problem. I'm very impressed with you and your way of doing business and I just wanted to THANK YOU."

ElectronicsLeader.com is registered with the Better Business Bureau (BBB) and displays the BBB Online Reliability Seal on it's website. Purchases are protected and secured by GeoTrust SSL. Sites secured by Geotrust's QuickSSL are utilizing 128-bit SSL certificates thereby offering the highest level of encryption or security possible. This means you can be rest assured that communications between your browser and this site's web servers are private and secure.
