Scalability, the Future of Proof for ERP

PR9.NET November 05, 2005 - One of the key reasons that PRONTO North America is capturing large market share is a highly scalable solution with a wide range of business applications to support current and future processes. Many PRONTO customers started with a limited number of concurrent users and are now running thousands of concurrent users without major changes in their infrastructure and set up.

According to Mike Ligudzinski, CEO of PRONTO North America, "Some of our customers began on a single site with only a few modules also have since rolled out PRONTO-Xi in locations with a vastly expanded application suite."

Pronto North America, Inc. based in Eden Prairie, MN, is widely recognized as the authority in technologically driven business solutions and process management. Utilizing innovative implementation techniques and tools, Pronto North America generates increased performance, service, efficiency, and accountability. Through PEER (Process Evaluation Executive Review), Pronto North America captures the values of Lean Manufacturing throughout the enterprise. This functionality is accomplished utilizing a highly-trained world-class staff and an innovative process modeling and automation toolset unmatched in the industry, ensuring the realization of continuous process improvement and profitability. This expertise segues to PRONTO BPM powered by XSol.

Pronto North America is the North American Master Distributor of PRONTO-Xi, a comprehensive software system allowing manufacturers, distributors, and retailers to effectively manage all phases of their business. Far beyond just another Enterprise Resource Planning (ERP) System, PRONTO-Xi's financial and distribution applications are unique and have provided maximum return on investment for a wide variety of organizations since 1976. From PRONTO Production to PRONTO Advanced Warehousing; from PRONTO Planning to PRONTO Quality Management System (QMS); from PRONTO Distribution Requirements Planning (DRP) to PRONTO Forecasting Management, the cross-section and breadth of integrated elements addressed by PRONTO-Xi is unmatched in the marketplace and justifies its natural leadership role as the best fully integrated business software solution.
