ICADSales.com has added the research article "IntelliCAD, The Un-AutoCAD" by renowned Author Ralph Grabowski within their Online IntelliCAD Store at <https://www.shop.ICADSales.com>.

PR9.NET November 14, 2005 - Portland, OR, USA - "IntelliCAD, the Un-AutoCAD" for is a 72 page research paper examining the IntelliCAD history, current state, specific competitors (Autodesk, Bentley Systems, GiveMePower, IMSI, and SoftSource), and future plans.

Included is an analysis of how open DWG will benefit IntelliCAD in the future, and a comparison of IntelliCAD to AutoCAD.

Major sections of the table of contents are...

- 1 — Structure of IntelliCAD Technology Consortium and Its Members
- 2 — IntelliCAD Market and Competitors
- 3 — Impact of OpenDWG
- 4 — Future IntelliCAD Releases and Directions

"Ralph Grabowski has a long track record of providing quality research materials to the CAD market. This examination of IntelliCAD is fair and balanced, and helps to show why IntelliCAD is a great replacement for the high priced CAD design applications" said Scott Hucke, President, ICADSales.com.

This research paper is of interest to those examining IntelliCAD as a true replacement CAD product, those new to IntelliCAD, and anyone involved with developing for, reselling, or supporting IntelliCAD. Cost of the research paper is \$720 USD. Copies can be purchased for immediate download in PDF format on www.shop.icadsales.com.
