Everything Made Simple with Subsidiary Consolidations by PRONTO North America

PR9.NET November 19, 2005 - PRONTO-Xi caters to different company structures by offering four techniques for managing multi-company systems:

-  Maintaining multiple companies in one dataset
-  Using separate datasets for each company, and consolidating to a holding company
-  Using separate datasets for each company, but sharing a common General Ledger
-  Foreign currency consolidation

According to Mike Ligudzinski, CEO of PRONTO North America, "The consolidation process creates a chart of accounts in the holding company and adds the account balances, budgets, and history from the subsidiary ledger accounts to create the hold company totals."

PRONTO North America, Inc. based in Eden Prairie, MN, is widely recognized as the authority in technologically driven business solutions and process management. Utilizing innovative implementation techniques and tools, PRONTO North America generates increased performance, service, efficiency, and accountability. Through PEER (Process Evaluation Executive Review), PRONTO North America captures the values of Lean Manufacturing throughout the enterprise. This functionality is accomplished utilizing a highly-trained world-class staff and an innovative process modeling and automation toolset unmatched in the industry, ensuring the realization of continuous process improvement and profitability. This expertise segues to PRONTO BPM powered by XSol.
