Establishes PostBidWin as one of the worlds leading creative design services. Bridges the gap in b2b relationships through a hands-on approach to creative project fulfillment.

PR9.NET November 28, 2005 - PostBidWin, a leading online graphic design marketplace, has launched its Personalized Artist Promotion Service. The service helps members to secure work by assigning a PostBidWin client representative to each designer. The representative works closely with the designer to help them achieve their professional goals using PostBidWin's online software and resources.

Designers are offered a wealth of resources to market themselves including a feature-rich online Portfolio, personalized URL, online marketplace to bid on and deliver projects, tools to sell packages of stock art or design services, and much more. The promotion service also offers offline marketing of a designers talents through poster and billboard campaigns, as well as business to business selling.

Businesses or individuals seeking design services can look forward to a more detailed perspective of each designer enabling them to better choose the correct person or company for their project.

The Personalized Artist Promotion service, coupled with PostBidWin's detailed project posting software and Portfolio posting service, solidifies their offering to both Creative Designers and Buyers of Creative Design talent.
