The latest version of the Bug Doctor for your PC has been released. Fix all kinds of computer problems without being a Computer geek.

PR9.NET December 11, 2005 - The latest version of the Bug Doctor for your PC has been released. Fix all kinds of computer problems without being a Computer geek. Download a free copy to see whats slowing down your PC.

Fix hundreds of common computer problems with just a few clicks of your mouse, and you don't have to be a computer expert either. Free download of the Bug Doctor for your PC will scan your PC for common errors and problems.

Over 10,000,000 downloads since October 2003.

New version allows you to fix even more errors than before and an improved scanning engine.

1. Extremely Powerful and easy to use
2. Updated regularly
3. Comes with tech support for most pc problems

This new version uses our latest "SmartScan" scanning technology. Allowing the Bug Doctor to scan your computer for problems faster and even more accurate than before. Coupled with free tech support from our highly trained tech support technicians. We are also working on a new release that will inoculate your pc from spyware as well automatically as a normal maintenance routine.

The Bug Doctor for your PC free trial version can be downloaded at www.bugdoctor.com and is available for purchase from \$19.95. This comes with tech support for any PC problems during your membership and you can opt for the cd to be shipped to you as well.

Increase the performance of any computer with the Bug Doctor with just a few clicks of the mouse. Simple interface designed to be easy enough for anyone to operate.

Consumers can get the latest version of the Bug Doctor for your PC from the website <http://www.bugdoctor.com>
