Home Health Care Information Regarding Elderly Adult Care Provided on the New Home Care Orange County Web Site

PR9.NET January 05, 2006 - Mission Viejo, CA, United States- Sweet Comfort Home Care, provider of residential home care services in and around Orange County, California, launches their new web site.

The Home Care Orange County web site is designed to offer information as well as discuss the services that Sweet Comfort Home Care has to offer. In addition to giving details on the level of service offered, Home Care Orange County informs visitors with answers about home health care for senior adults.

"I developed the Home Care Orange County site to provide the information people will need to make a decision for the care of their loved ones" says William Anderson, founder of Sweet Comfort Home Care and owner of the new Home Care Orange County web site, "Not finding help locating good and affordable residential home care for my adult family members, I decided to establish a high quality caregiver service and the new Home Care Orange County site will help others find the answers they need quickly."

Additional information on Sweet Comfort Home Care, LLC and Home Care Orange County can be found on the new web site at <http://www.home-care-orange-county.com>. Information can also be obtained by calling the Orange County Southern California office at (949) 582-8035
