*Wellness Club creators offer package worth \$375 for football widows looking to make positive changes in their health and finances this year. To celebrate the opening of their new virtual wellness "resort", they are offering the package to the first 30 people who can come with them to Vegas on Feb 3-5th for a wellness event.*

PR9.NET February 11, 2006 - Las Vegas, NV. It's no secret that Super Bowl weekend is a huge event in America, just one step from another national holiday. Considering there are 90 million viewers in an average year, that still leaves a number of others searching for something to do as an alternative.

"We have created a plan for the football widows of the world!" states Pat Craumer, one member of the team who realized how many lives could change during one weekend alone. "This year, leave those men at home, and head to Las Vegas to begin 2006 improving your health and finances. Even make some new friends!"

Pat and her fellow wellness club members are gathering in Vegas on super bowl weekend for a national event sponsored by VivaTRU™, a company dedicated to improving the quality of life for millions of people worldwide. The weekend event kicks off the company's new toxin free personal care and wellness line, their national infomercial debut of organic chocolate diet candy, and more. They will also offer training for those interested in becoming a specialist for VivaTouch, the new body assessment device which offers a non-invasive yet extremely accurate report of a body's nutritional needs and food triggers. "In one fabulous weekend, you will be able to learn everything you need to know about improving your health and quality of life. You'll be hearing from experts how to take advantage of the wellness revolution, both for health and for wealth! While those spouses are raising their voices and expanding their middles, you can be preparing for the best year of your life, before the game ends." states Craumer

It truly is an exciting offer put on the table by Craumer and her club members today, as they don't want ANYTHING to keep like-minded individuals from experiencing this all first hand. "Our club is working together with VivaTRU™ to allow virtually ANYONE who wants to learn about the latest methods for health and wealth to be with us. We may have lost our minds, but our commitment to improving the health of others has led us to make an offer that NO savvy health-minded person can resist."

"Meet us in Vegas and we will greet you with an incredible collection of goodies. A free ticket to the weekend event, a free year with our wellness club, over \$100 worth of luxurious toxin free body products, and the opportunity to purchase any of the new health products revealed to the event attendees at WHOLESALÉ prices. It is a package worth over \$375, and offered to the first 30 people who respond. This is the best opportunity to change your life you have ever had!" says Craumer. "There is no commitment, no purchases required, nothing! We just want to inspire you to use this "super" weekend to make "super" changes in your life. Just remember quantities are limited - we might be crazy, but we must limit our madness." For more information on the offer, call 1-877-457-4186.
