Corporate Credit Concepts launched its first "Step-by-Step" manual on how to obtain unlimited financing....without a personal guarantee! The only step by step program that will not only teach you how to build business credit the right way, but also includes applications to banks that will lend CASH without a personal guarantee.

PR9.NET January 30, 2006 - Las Vegas, NV - Is it really possible to obtain loans and lines of credit without a personal guarantee? Yes, it is not only possible to obtain cash financing without a personal guarantee but very simple if you follow the right steps.

For years Corporate Credit Concepts has had a waiting list of business owners and real estate seeking more financing. They would build the business \$250,000 and even up to 3 million in business lines of credit without a personal guarantee so the business owner could launch, expand or increase their business or investments. The demand for the business credit building service was so overwhelming that Corporate Credit Concepts decided to put together a "how to" manual. They have included the exact same technique, vendors, and step-by-step system they have used for years building other companies business credit file.

Now any potential business owner, current business owner or real estate investor can follow this program to secure as much financing as they need without a need for their personal guarantee or personal credit check. Therefore, alleviating the business owner the need to be personally responsible if the business fails and avoiding the hassle of a credit check.
