Stylin' Concepts takes cargo carrying protection to a new level with its Headache Rack Rear Window Protectors

PR9.NET February 27, 2006 - Independence, Ohio - Stylin' Concepts, the nation's leading retailer of truck and SUV accessories, is pleased to announce the addition of Action Accessories' new Headache Rack Rear Window Protector to its already extensive line of custom truck accessories.

Headache Racks attach to the bed of your truck and provide your rear window with protection from stray cargo in your bed. Action Accessories' new headache racks are stylishly designed with horses, fish, elk, flames, or a flag/eagle design and come in either polished stainless steel or in a hammertone gray finish.

Complete specifications and pricing information can be found on Stylin' Concepts' web-site at www.stylinconcepts.com.
