ZIPCodeWorld.com is proud to announce the release of United States and Canada Web Store Locator .NET Control to all Web developers and Web designers.

PR9.NET March 15, 2006 - Florida, United States - ZIPCodeWorld.com is proud to announce the release of United States and Canada Web Store Locator .NET Control to all Web developers and Web designers. ZIPCodeWorld™ Store Locator .NET is a store locator control for all .NET developers. Your own United States or Canada store locator service can be up and running within minutes with just a few simple installation steps. The service is hosted in your own dedicated or shared Web server live 24 x 7.

<http://www.zipcodeworld.com/storelocatordotnet.htm>

ZIPCodeWorld™ Store Locator .NET provides a drag-and-drop control for ASP.NET projects. Use ZIPCodeWorld Store Locator .NET to add a geographic searcher for local business, organizational, branch locations, event locations and more to any web site - all with just a few mouse clicks! The ZIPCodeWorld Store Locator .NET provides a vital link between the virtual world of the web and the physical world of "brick and mortar" business locations.

ZIPCodeWorld Store Locator .NET Features

- * Secure Administrator Control Panel
- * Limit Results by Radius and Records
- * Display General Store Details and Custom Fields
