*Stylin' Concepts' innovative new scan gauge offers twenty-five different functions!*

PR9.NET March 20, 2006 - Independence, Ohio: Stylin' Concepts, the nation's leading retailer of truck and SUV accessories, is pleased to announce the addition of Interceptor Scan Gauge's line of gauges to its extensive product mix.

These all-in-one gauges display up to 25 different performance parameters and can record up to 45 seconds of data for playback. Read trouble codes and easily clear the "check engine" light. These gauges easily install with just one power wire and one OBD2 plug connection.

These gauges fit the standard 2-1/16" gauge pods and the screen shows two functions at once and can either be blue, red, or black – it's your choice! Bezels come in either black or chrome.

Complete specifications and pricing information can be found on Stylin' Concepts' website at [www.stylinconcepts.com](http://www.stylinconcepts.com).
