PR9.NET March 29, 2006 - Hayward, CA: Hayward Ford, your Ford dealer in Hayward, California invites you to participate in Ford's 0-percent financing on Escape Hybrid.

Ford Motor Co. is offering 0 percent financing on the Ford Escape Hybrid for the first time ever. Buyers in California and Washington, D.C., can finance the Escape Hybrid for no interest for 60 months. The offer begins Wednesday and runs through April 3.

California and Washington, D.C., are Ford's two hottest hybrid markets, Ford spokesman Monte Doran said. "The real purpose is that we are continuing to raise awareness of the Escape hybrid," he added.

The 0-percent offer cannot be combined with any of those other incentives.

Buyers in California and Washington can pick either zero-percent financing or rebates on the Escape Hybrid, which runs on both a traditional engine and a battery-powered motor, Doran said. The offer, which began on March 16th, ends in three weeks.

The Ford Escape Hybrid became even more popular last year after it won the 2005 North American Truck of the Year award. It's currently the cleanest, most economical hybrid SUV, and the powertrain provides performance on par with a V6 engine.

The hybrid drivetrain uses a 2.3-liter, four-cylinder gasoline engine in conjunction with electric motors to provide power while keeping emissions and fuel usage to a minimum. Under full acceleration, both power sources work together to provide maximum vigor, but under lighter load conditions, such as stop-and-go traffic, the Escape Hybrid alternates between the two, oftentimes running purely on battery power alone.

A regenerative braking system converts energy normally lost as heat into electricity to recharge the car's batteries. Available in either front-wheel drive or all-wheel drive, the Escape Hybrid boasts V6-like acceleration and gets up to 36 mpg. If you like the idea of driving a hybrid that doesn't force you to give up an ounce of day-to-day practicality, you certainly must test-drive Ford's Escape Hybrid.

For details on the Ford Escape Hybrid and also to know more about the new and pre-owned Ford models, contact your favorite Ford Dealer, Hayward Ford in Hayward, California.

Hayward Direct Ford offers a convenient Internet Buying Process with easy, anytime access to the entire Lincoln/Mercury and Ford Line-up is available. Buyers can log on to [www.haywarddirect.com](http://www.haywarddirect.com) and research Lincoln/Mercury and Ford Vehicles, access virtual test-drives and request an instant Internet quote or free test-drives. An online vehicle appraisal process is available for those who plan to trade in their existing vehicle.
