*The most significant development in making money from home that since this since the late 90s is GlobalWon*

PR9.NET February 30, 2006 - JT McNaught (CEO <http://eBiz-IQ.com>) told our reporters today about one of the most significant developments in making money from home that since this since the late 90s.

We are reporting to you today that GlobalWon, is referred to as a spectacular home based business opportunity for anyone, of every skill set. The lottery and Gaming industry is a 680 Billion Dollar industry, second only, to OIL! GlobalWon, is a legal and licensed Worldwide lottery, poised to be the single most profitable ebusiness opportunity, available internationally, on the Internet today. A huge growth is predicted for next 12 months.

JT McNaught says, "I have ever come across an income opportunity so big in my life. If you are serious about making money from home, then I urge you to take a look at the simplicity of this business and the growth and profit potential for you in this company called GlobalWon! Its a lottery you can share profits in!"

It is fact that the GlobalWon Jackpot is poised to be 14 times better than UK National Lottery and the odds of winning the jackpot are a Million to 1 for GlobalWon jackpot. 146 times better than the US Power Ball odds of 146 million to one!

JT McNaught says "This lottery beats em all! Compare it to the EuroMillions Lottery (76,000,000 to 1 Odds for 5 numbers and 2 Stars)

Euro Millions was launched in London on February 5th 2004 and involved the UK joining forces initially with France and Spain to launch a lottery reported to see the largest jackpots in the world. Other European lotteries such as Austria, Belgium, Ireland, Luxembourg, Portugal and Switzerland have now joined to make one HUGE EuroMillions Lottery jackpot! It is basting JackPots of 200 million or more since the launch date. Imaging how Globalwon will be do worldwide versus this European country only lottery.

With the cost of living getting more expensive every day, more and more are turning to the lottery for relief and hope. Now finally there is a lottery giving back to the players that are funding it! It's a fact! Lottery and Gaming is the Biggest Consumable Next to OIL is the Lottery! This is the first time the industry allows the little-guy to be part of it, right from the ground floor!
