New Cable and Wire offerings added to IndustrialLeaders.com's web site from leading manufacturers and suppliers in over 54 countries

PR9.NET April 19, 2006 - WESTBORO, MA - IndustrialLeaders.com, an international buying guide and portal for industrial and technical buyers, today announced it has significantly expanded its offerings of wire and cable products available on its Web site.

The types of cable products now available include, cable assemblies, serial, network, video cables, coaxial, multiconductor, fiber optic, power cables, flat, carriers, trays, harnesses, ties, transits, wire-ways, coil heaters, cable rope, glands, SCSI cable, reels, clamps, testers, cords, mechanical control cables, Ethernet and related accessories.

Wire products include electronic wire, hook-up, litz, rope, cloth, wire wrapping products, network wiring, strippers, fiber optic, wire staples, clips and clamps, splice kits, terminal blocks, network wiring and assemblies. All available in a wide range of metals, including steel, stainless steel, copper, bronze, mesh, galvanized steel, corrugated, perforated and expanded metals.

All cable and wire products on IndustrialLeaders.com can be found directly at, http://www.IndustrialLeaders.com/listings/cable_wire.html

The new cable and wire products are expected to be of interest to, among others, manufacturers of electronic products, electrical engineers, electricians, nuclear power plants, telephone companies, automotive mechanics, computer designers, contract manufacturing companies and distributors of electrical and electronic products.

"Our entire team at IndustrialLeaders.com is proud of the new offerings of cable and wire products now available on the site," says Donald LaBelle, CEO and founder of the company. It is the perfect solution for buyers to quickly find a better deal on the type of cable or wiring product they are looking for, all by sourcing the market of their choice."

According to LaBelle, IndustrialLeaders.com is the leading industrial marketplace on the Internet, offering one of the most complete lines of industrial products from thousands of manufacturers and distributors world wide. Products include a variety of industrial supplies, equipment, machinery and raw materials.

IndustrialLeaders.com is a Web based industrial buying guide and directory, and a division of 'Worldwide Industrial Marketplace,' an international network of industrial portals reaching thousands of engineers, importers and technical buyers monthly, primarily in North America, United Kingdom, Australia, China, India and European Union countries.

Qualified manufacturers and suppliers of industrial products are invited to list their company free of charge at, www.IndustrialLeaders.com
