Two Weeks of Free Online Audio Book Rentals Offered By Online Audio Book Rental Company Jiggerbug.com for Arbor Day

PR9.NET April 27, 2006 - WEST HOLLYWOOD, Calif – In honor of Arbor Day on Friday, April 28th, Jiggerbug (www.jiggerbug.com) is offering a Free 2 week Membership of their unlimited audio book rental program as part of their "Plant the Seed of Discovery" campaign. Traditionally, people plant a tree or a seed on Arbor Day. Jiggerbug.com is persuading people to plant a seed of knowledge.

"By listening to audio books, children & adults can listen to language providing them with models of the correct use of grammar." says Jiggerbug CEO Ryan Azevedo. "It also gives them the chance to hear the correct pronunciation of new or difficult words."

Mr. Azevedo went on to say that "children who can't yet read well get frustrated by their lack of reading ability. By allowing them to read along with an audio book, parents can avoid the frustration often felt by children at this stage. "This can help children become life long readers." The free 2 week trial offer is available for audiobooks on tape, CD as well as via instant downloadable audio books.
