Singa Home Entertainment, an independent film distributor, has made its 100th download-to-own DVD movie available on EZTakes.

PR9.NET May 18, 2006 - Easthampton, MA -- EZTakes, the world's first legal DVD movie download service, announced today that Singa Home Entertainment has published a large catalog of movies on the EZTakes Web site at www.eztakes.com. Consumers can now purchase, download and own these films. Because EZTakes makes it easy to burn DVDs, consumers can watch movie downloads almost anywhere. EZTakes has already added the Singa titles to its growing catalog, which includes hundreds of full-length independent films of all genres, as well as classics, cult, horror and Bollywood movies.

"EZTakes is a great distribution channel that is already generating revenue for us," said Eric Louzil, President of Singa. Louzil continued, "EZTakes has proven that a significant number of people will pay to download movies to DVDs that will play anywhere. In addition to increased revenue, Singa also benefits because there are no physical inventory costs and no returns with EZTakes."

Jim Flynn, CEO of EZTakes, commented, "We have the only download-to-DVD service that is running live and ready to take on new movies right now." Flynn Continued, "Media organizations that don't offer their customers a download-to-burn option are leaving a lot of money on the table. Movie owners, distributors and TV channels can all profit by taking advantage of the Internet distribution opportunity that EZTakes makes possible today."

In order to discourage piracy, EZTakes has developed technology that personalizes all DVDs with the purchasing consumer's identity and an embedded ID number. People that make unauthorized copies would incriminate themselves because the copies are clearly traceable. Although EZTakes has only been live for a few months, the company has experienced a dramatic increase in sales and has already developed a loyal following of repeat customers. By making it easy to download movies that consumers can burn to DVD, EZTakes has bridged the gap between the Internet and the living room. Movie downloads on EZTakes start at \$1.99 and average about \$7.99. Most EZTakes DVDs include all of the extra features of the original DVD.
