Due to Trinity Financial Services' recent growth, success and desire to strengthen their position in the marketplace, they have chosen to obtain Errors and Omissions (E&O) Coverage. This will allow them to solidify pending agreements with a number of nationally recognized Broker-Dealers.

PR9.NET May 30, 2006 - Altamonte Springs, FL - Trinity Financial Services, LLC, a full service Life Settlement Brokerage firm, has obtained E&O coverage in response to their recent success and growth. Additionally, it illustrates Trinity Financial Services' desire to continue strengthening their position in the Life Settlement marketplace by solidifying pending agreements with a number of Broker-Dealers that are looking to add Trinity Financial Services, LLC to their, "Approved Provider" list for Life Settlements.

Trinity Financial Services, LLC has been instrumental in the education, growth and development of the Life Settlement Industry and has experienced a dramatic increase in sales over the last three years. Managing Partner, Daniel Bockhorn states, "We have quickly moved to the forefront of the Life Settlement Industry. Our recent growth, success and marketing efforts have put us in the spotlight with quite a few large firms." With the addition of many new brokerage clients comes the demand for greater protection of the Broker – Dealer and its field agents. E & O Coverage provides that protection.

With Life Settlements becoming a mainstream Estate and Financial planning product, there is an ever growing number of Broker-Dealers that are either taking a closer look at the Industry, starting to allow their Representatives to research this valuable financial option or they are realizing that they need more than just one Life Settlement Company (Provider or Broker) on their, "Approved Provider" list.
