Mark Mitsubishi, your Mitsubishi Dealer in Scottsdale, Arizona, invites you to test-drive the 2006 Mitsubishi Endeavor. For information on Mitsubishi models, contact Mark Mitsubishi at 888-445-2190

PR9.NET May 27, 2006 - Scottsdale, Arizona: Mark Mitsubishi (www.markcars.com), your Mitsubishi Dealer in Scottsdale, Arizona, invites you to test-drive the 2006 Mitsubishi Endeavor.

2006 Mitsubishi Endeavor is built more like a car than a truck. It handles well and offers a nice, smooth ride. Its drive-by-wire throttle provides responsive control, and its 3.8-liter V6 delivers adequate power. It's available with front-wheel drive and all-wheel drive. The Mitsubishi Endeavor has been moderately face lifted for 2006. ABS with traction control is now standard. The standard towing capacity has been increased to 3500 pounds. And all Endeavor sound systems now include MP3 capability. Mitsubishi has simplified the Endeavor lineup for 2006, leaving only two trim levels: LS and Limited. Each is available with front-wheel drive (2WD) or all-wheel drive (AWD). All are powered by a 3.8-liter V6 making 225 horsepower mounted transversely (sideways) and mated to a four-speed automatic transmission with Sportronic manual shifting capability.

The LS 2WD and AWD come with the usual power accessories, plus a 140-watt sound system with single-disc CD player and MP3 playback, new brush-finish 17-inch alloy wheels with mud-and-snow-rated tires, intermittent rear window washer, roof rails, steering wheel controls, remote entry, full-size spare tire, and a remote tailgate release.

A new Road Trip Package for the LS adds a rear-seat DVD entertainment system with wireless headphones and remote, six-disc CD changer, an enhanced color dot-matrix information display (including compass, outside temperature, fuel computer, and maintenance recorder), sport-touch steering wheel, cargo cover, cargo net, and an alarm.

Limited 2WD and AWD add automatic climate control, premium cloth seats with power for the driver's seat, 315-watt MP3-capable sound system with six-disc CD changer, power sunroof, the color dot-matrix information display, fog lights, crossbars for the roof rails, the cargo cover and alarm.

Leather upholstery is available with the Leather Plus Package that includes seat heaters and heated outside mirrors. The Family Entertainment Package for the Limited includes the DVD system, wireless headphones and remote control. Mitsubishi Active Skid and Traction Control, an electronic stability control system, is available only on Limited AWD.

Safety features on all 2006 Endeavors include dual-stage frontal airbags and front seat-mounted side-impact airbags, anti-lock brakes (ABS) with electronic brake-force distribution (EBD), traction control, and a tire-pressure monitor. Curtain airbags are not available. Wear your seat belts as they are your first line of defense in an accident.

Call Mark Mitsubishi for details on new and pre-owned Mitsubishi vehicles.

In Scottsdale, Arizona, Mark Mitsubishi offers a convenient Internet Buying Process with easy, anytime access to the entire Mitsubishi Line-up, including the 2006 Mitsubishi Endeavor. Buyers can log on to www.markcars.com and research Mitsubishi Vehicles, access virtual test-drives and request an instant Internet quote or free test-drives. An online vehicle appraisal process is available for those who plan to trade in their existing vehicle.

Mark Mitsubishi can be contacted on 888-445-2190.
