

# Ronco Introduces Flexible Intermediate Bulk Containers (FIBCs), Also Known as Tote Bags

Ronco, May 30, 2006

URL: <http://www.pr9.net/business/trade/3884may.html>

*Offer a flexible and lightweight solution to manufacturers across a variety of sectors, including the pharmaceutical, chemical, construction, agricultural, industrial, and food processing industries. Allows for savings in transportation costs.*

PR9.NET May 30, 2006 - Concord, Ontario, Canada - Ronco ([www.ronco.ca](http://www.ronco.ca)), a manufacturer and distributor of Clean & Safe products, is pleased to announce its offering of Flexible Intermediate Bulk Containers (FIBCs), also known as Tote Bags. This flexible and lightweight solution is ideal for the storage and shipping of bulk granular goods. Tote bags are very simple to use and are well suited for the pharmaceutical, chemical, construction, agricultural, industrial, and food processing industries.

Ronco's tote bags are made of 100% virgin polypropylene material, providing outstanding strength and reliability. The material is breathable and stretchable, yet strong and flexible for many applications, including moisture and cross-contamination protection. A UV coating designed to offer additional protection from sun rays and a polypropylene coating are available to meet your specific needs. The cubical shape provides better warehouse utilization while remaining lightweight for reduced transportation costs.

The tote bags can be customized in different sizes and colours with various combinations of fill and discharge solutions and are available with or without a polyethylene (PE) liner.

###
