PR9.NET February 17, 2006 - Vincent Guglielmo of Tulsa, Oklahoma announces his affiliation with GlobalWon and the GlobalWon Team Forum at <http://www.globalwonteamforum.ebiz-iq.com>. Finally someone is really assisting the little guy to be successful in a home base business - all for free! This team has some of the finest minds in the industry, and the team brings successful entrepreneurs like Tom Prendergast and Mike Filsaime to the conference room, to help us.

Vincent is quoted as saying "I joined Veretek and GlobalWon for free and was trained by live professional trainers, in the comfort of my own home, for free; and before I ever put out any money". With any other home base business, people are putting out hundreds of dollars if not thousands to see if they can make their system work. The union of a lottery style game, in a time tested industry like Network Marketing and an industry giant like Tom Prendergast's 10-year-old Veretek Marketing system is truly a win-win opportunity for any home base business owner.

People cannot believe that we offer both the GlobalWon (<http://vincentguglielmo.globalwon.bz>) opportunity and the Veretek marketing system for free, giving everyone who wants the chance to get in and go to work building a residual income in a short time. People are impressed with the team we have put together that are helping each other build a down line, and teaching a simple duplicatable system so that the novice at internet business can be successful.

As part of our team you will have several things that are needed for your success and they are: an unlimited supply of premium leads, upline support and management and training.

Vincent says, "The entire system has been activated and is now available for use by all GlobalWon distributors who wish to use it. This powerful system is offered especially for the benefit of the little guy who might not have significant funds to start an internet business, but is willing to work hard."

Vincent also elaborates with "I have never run into a group of people more willing to share free information with others until after I joined GlobalWon for free". In his opinion, GlobalWon allows you to earn a large amount of money by referring other players, and the chance to win money by playing the GlobalWon game. You also win every time your downline wins this lottery. With as many people that play the lottery and ours having a much easier chance to win, thousands will flock to GlobalWon as soon as they hear about it.
