PR9.NET June 22, 2006 - Jersey City, NJ – Best Manufacturing Group LLC has announced the launch of its new Service Apparel catalog. The new catalog features an integration of both the Best and Artex Service Apparel lines under one name - Best. The Best name was chosen as the lead go-to-market brand name for Best Manufacturing Group LLC's Institutional Division in September of 2005. The unified name was chosen to symbolize a successful union of Best with Artex following its June 2004 acquisition.

A follow-up to the greatly successful High Fashion Hospitality Apparel catalog, the new Service Apparel catalog features a wide variety of high quality work wear ranging from aprons and wraparounds, to chef coats and smocks, to surgeon's gowns and lab coats. Best is North America's largest manufacturer of service apparel that can meet the demands of the healthcare, food preparation and processing industries and also withstand the rigors of industrial processing. To see Best's new catalog and to request a printed copy please visit <http://www.bestmfg.com/CatalogRequest.aspx>. The printed catalog is scheduled to be released in July.

"Best's customers continue to enjoy a broader line of product choices, expanded services, a larger field sales force and a combined experience base in the industry that is unrivalled by competitors," comments Terry Anderson Senior VP of Sales for Best's Institutional Division.
