Product Manager Eric Binning Grows as part of Encompix; a Business Unit of Made2Manage

PR9.NET June 30, 2006 - Cincinnati, OH - Eric Binning joined Encompix in April 2004 as the Director of Pre-Sales Consulting. In that position, his primary responsibilities were to assist the sales teams in verifying that Encompix was the correct fit for the prospective customer. In January 2006, Eric also accepted responsibility for the management of the Encompix product. In this role, he works with the product and development teams to determine the direction of the product from a functionality and technology perspective. Weighing the needs of the existing Encompix customers against the demands of the market is one of the biggest challenges that Eric manages on a day-to-day basis.

Prior to joining Encompix, Eric managed a regional technology consulting practice specializing in manufacturing and project management ERP solutions. He is a Microsoft Certified Professional and has extensive experience with database and reporting tools such as Microsoft SQL Server and Crystal Reports. Eric holds a Bachelor of Arts in Accounting from Cedarville University.

Encompix (www.encompix.com) a business unit of Made2Manage Systems, has filled the manufacturing software requirements of engineer-to-order companies since 1992. The company name reflects a commitment to developing business application solutions that encompass the complex areas of project-based and job-based manufacturing. Encompix provides ETO manufacturers with a competitive advantage by improving bottom line results.

Eric has been instrumental in expanding the ETO ERP product to project-based manufacturers throughout the United States and Canada.
