*GeBBS to provide Accounts Receivable Services to another provider of Hospital based ARM services.*

PR9.NET July 18, 2006 - ENGLEWOOD CLIFFS, NJ - GeBBS Healthcare Solutions, one of India's leading healthcare outsourcers, today announced another deal to provide back-office BPO operations in the Accounts Receivable Management space.

The client is one of the largest providers of Hospital based ARM services in the US. A very well established national provider of Patient Financial Services, the client helps health care providers, including hospitals, health systems, and academic physician faculty practice plans, to strengthen their bottom line.

GeBBS delivers a range of Healthcare BPO Services to some of the leading names in the industry. Nitin Thakor, President GeBBS Healthcare Solutions, says, "GeBBS is delighted to be working with another renowned name. I am confident that this deal will significantly accelerate our growth in the ARM space. This is a multi year engagement with projected billing to be in excess of a million dollars."

Under the terms of the agreement, GeBBS will provide the client with Accounts Receivable support services for Insurance claims. The GeBBS team will work as an extension of the client's team and will help maximize revenues by increasing collectables and reducing denials.

Randy Wall, VP Sales at GeBBS said, "This business relationship epitomizes the mutual benefits that can be realized with the proper application of domain knowledge, technology and offshore resources. GeBBS is indeed privileged to serve a well-respected company and we're quite confident that this partnership will continue to expand in scope in the coming months and years."
