*Director of Professional Services for ERP Software Encompix Brings 15 Years*

PR9.NET July 18, 2006 - Cincinnati, OH - Encompix ([www.encompix.com](http://www.encompix.com)) a business unit of Made2Manage Systems, has filled the manufacturing software requirements of engineer-to-order companies since 1992. The company name reflects a commitment to developing business application solutions that encompass the complex areas of project-based and job-based manufacturing. Encompix provides ETO manufacturers with a competitive advantage by improving bottom line results.

Jim Hoium brings more than 15 years of experience in all facets of product development, technical, and application support, and project management to Encompix clients. In his role as Director, Professional Services, Jim is responsible for managing the consulting team to ensure the successful implementation of Encompix software. Nearly his entire career has been devoted to the specialized application, implementation and support of ERP Software. Jim has applied his expertise in a variety of environments, working with small businesses to the Fortune 500. Jim graduated Summa cum Laude with an Associates Degree in Computer Science and Accounting from Southern Ohio College. He is a member of the Project Management Institute.
