## *Celebrity Gossip Site Launches*

PR9.NET September 01, 2006 - New York, New York – LikeaCelebrity.com, a new celebrity gossip and news web site, was recently launched and already has over a dozen posts covering all of the latest celebrity gossip.

The web site keeps you posted on celebrity news from Jessica Simpson hanging out with John Mayer to Paris Hilton getting dropped from her phone service for trying to hack into other celebrity's voice mails and much more. The weblog currently covers celebrities in the United States but hopes to go International covering celebrities across the world soon.

The web site is updated on a daily basis so you can be sure that you are getting all of the latest news from Hollywood and beyond. You can also check the Archives for all of yesterday's news.

"There is a lot of great gossip and celebrity news to talk about and there are so many people interested in the subject matter," said likeacelebrity.com owner First Last. "I wanted to create a web site with all of the latest news so anybody anywhere in the world would have access to it."

You can visit the web site and read the news at <http://www.likeacelebrity.com>
