ABC Office is proud to join forces with DynaFold, an innovator in paper folding and binding machinery.

PR9.NET September 08, 2006 - KAYSVILLE, Utah – ABC Office, a leading ecommerce retailer and distributor of office and binding equipment, is proud to announce the addition of the DynaFold DE-8 Automatic Paper Folder to their line of choice professional paper folding equipment. The DE-8 high-performance paper and document folder is a member of DynaFold's family of premium folding machines. ABC Office is making this automatic friction-fed paper folder available at <http://www.abcoffice.com/de8-paper-folder.htm>. Their entire line of paper folders can be found at <http://www.abcoffice.com/fold1.htm>.

DynaFold has been an industry innovator and leader of affordable paper folding machines for 20 years. They are renowned for their high-performance machines designed for use in homes, offices, churches and pharmacies. The company was founded in 1986 in Buena Park, California.

The addition of the DE-8 Paper Folder adds another quality DynaFold product to ABC Office's paper folding equipment line. The DE-8 is an automatic, friction fed folder designed for medium volume and frequency. It will fold 200 sheets per minute and can handle several sizes of paper ranging from 2" x 2.7" to 14.3" x 27". It is perfect for home offices, small business, or corporations that distribute a constant flow of statements, invoices, flyers, documents, print ads or correspondence.

Automated paper folders continue to be indispensable in office automation because they are simple and inexpensive to operate, and they increase employee productivity and output. The DynaFold DE-8 paper folder can fold as many pages in one hour that three or four employees may do in a day. The DynaFold DE-8 has seven different styles of fold including double fold, fold out, letter fold, and zigzag fold.
