ThereIsNoRadio can now compete at greater levels in the Internet Radio marketplace through multiple stream rates as well as wifi over cellphones.

PR9.NET September 13, 2006 - Washington, D.C - ThereIsNoRadio is proud to announce that we have just launched two brand new streams and are leaving Live365. We are now broadcasting at a near cd quality 128K and we've also opened up a 24K stream so dialup listeners are no longer excluded from our exclusive content. Click the "Listen Live" link on our website to open up our brand new stream launch page popup, pick your speed and launch your favorite player.

You can still find all of our exclusive talk programming: The DJNewStyle Show, Rob Ont Radio, Badmonkey, Dan Wright Live, Suburban Shakedown, Hate the Radio, The Music that Mikey Likes, Lenay D's Musical Saturday Mornings, The Indigo Kitchen, and more at www.ThereIsNoRadio.com.

You can also listen to your favorite shows on your cellphone for free by visiting The Mobile Broadcast Network (www.mymbn.com), brought to you by Upsnap. We're station 1731. Did we mention it's free?
