PR9.NET September 16, 2006 - Hawthorn, Australia --First, there's the under-the-window serenade. In no time, this evolved into what came to be known as blind date. Then came online .. And now, all of a sudden, it's all about speed--as in speed .. What's next?

Well, whatever it takes to connect everyone in the planet. Whatever it takes to make good that song "Two Less Lonely People in the World."

Cringing already with corniness? Well, no need to, really.

With www.psychicguild.com, you don't get any hype at all. Just the expertise and sincerity of our gifted psychics, clairvoyants, astrologists, and tarot readers, backed by thousands-year-old tradition and history.

With our special offer, get to consult any of our psychics on-call 24 hours a day, 7 days a week, and hear 10-minutes worth of accurate psychic readings about your life, love, success, and happiness, for just 10\$.

It makes good sense that before you love anyone, you should at least know more about yourself. Call it ". yourself." You have questions, and Universal Psychic Guild has the answers. Not the ones you want to hear, but the ones you really need. And there's no hype in that.
