

Grand River Canoeing, Kayaking & Rafting 1 Hour West of Toronto

Grand River Rafting Company, October 03, 2006

URL: <http://www.pr9.net/sports/water/4550october.html>

The Grand River Rafting Company is in Paris Ontario with the theme of "Experiencing Everything Together". They offer guided canoeing, kayaking and rafting on the Grand River, along with hiking, biking and golfing in the Grand River Valley.

PR9.NET October 03, 2006 - Canada, Toronto - Grand River Rafting uses 8 man super-stable family rafts... but also does canoeing and kayaking on the Grand River. For those that want a taste of land there is biking & hiking in the valley. All of their trips are guided. They specialize in small exclusive groups of 1 to 8 people... but can do corporate trips of up to 30 people.

They have created drift boat platforms for fishing buffs. These drift rafts offer excellent smallmouth bass fishing on the Grand River. There are also floats for spring and fall steelhead trout. Family smallmouth bass fishing trips on the Grand River are offered in the summer. Visitors that arrive unprepared can rent fishing equipment at the Big Catch in the town of Paris.

Grand River Rafting offers unique adventures, often not found elsewhere. They specialize in leisure platform deck-chair drifts for seniors and wheelchairs. Other trips include evening and moonlight paddles... there are afternoon family swim & raft trips, plus family whitewater spring rafting on the Nith River.

This company has many learning adventures such as instructional artist painting drifts, edible & medicinal plant hikes, plant & wildlife identification, "learn to canoe & kayak while you do a trip", plus Algonquin canoe trip preparation courses.

For those wishing to lengthen their stay there are overnight getaways with secluded private campsites on the Grand River or the comfort of the countryside River Ridge Bed & Breakfast.

For the corporate world there are customized adventures with imaginative team building experiences, corporate retreats and corporate family picnics. Trip barbeques go from hamburgers & sausage to gourmet steak & chicken. Along with paddling, corporate golf packages can be arranged.

In a nutshell... if there is an outdoor adventure idea... the Grand River Rafting Company has the skill to make it happen.
