PR9.NET October 12, 2006 - Nicosia, Cyprus – Audio4fun Valued Members just need 2 simple steps to sign up as Audio4fun resellers and start sending news to friends and making money.

Today, Audio4fun.com have just released their new web page for renewed reseller program at <http://www.audio4fun.com/reseller.htm>.

In an effort to keep on encouraging customers to share their experiences with Audio4fun products to their friends, family and acquaintances and earn money at the same time, Audio4fun Reseller Program has been activated again earlier this week.

"If sharing a new movie you've just watched, a new book you've just read, or a new music CD you've listened to is a joy, sharing our products goes beyond that: You will get paid, since we appreciate your sharing," said Peter N, Program Manager.

Valued Members who have bought any Audio4fun product can join the program. The program page has introduced users the procedure to get a free reseller account and tell their friends about Audio4fun products.

By using Audio4fun products, Valued Members also have more fringe benefits apart from the softwares themselves. They can receive weekly newsletters informing them to upgrade to higher versions with discount coupon. Especially, members have the right to buy upcoming movie editor software named Movie Morpher 2.0 at a discount and be the first to own free Movie Morpher as well if they buy special edition of Voice Changer Software (Diamond), Music Morpher (Gold), Webcam Morpher (Gold) from Audio4fun Order page (<http://www.audio4fun.com/order.htm>).

Over years of development, AVnex Ltd. has been promoting audio and video software technologies and specializing in three core areas: Audio and Video Morphing Algorithms, Audio and Video Stream Interception, Audio and Video Real Time Effecting.

The wide range of products of AVnex Ltd. is detailed at <http://www.audio4fun.com/>
