*Universal Psychic Guild is a worldwide organization committed to give you accurate psychic reading and immediate answers to your questions to make you happier and more successful in every aspect of life.*

PR9.NET October 18, 2006 - Victoria, Australia - We may not be aware of this, but psychics are another class of poets in our society; they help bring out meanings and unlock the metaphors in our mind. But unlike poets who are usually withdrawn from society, psychics are very much willing to reach out into the world and help anyone willing to stop and listen.

Welcome to The Universal Psychic Guild, where world-renowned experts are committed to giving psychic reading and psychic advice to matters of life, love, success, and happiness. Our psychic readings are all carefully prepared, truthful, fully-detailed, and as accurate whenever possible. They are all delivered with dedication and honesty as well as goodwill; after all, psychics of the Universal Psychic Guild put their name and integrity on every psychic reading they give. Psychic advice is not meant to be taken as a panacea or ultimate solution though; rather they should serve as an invaluable guide to making decisions and confronting life's problems. We are not always aware what our unconscious mind is trying to tell us, and this is where psychics can help us. Visit <http://www.psychicguild.com>

If by any chance you are not satisfied with our psychic reading, you can ask for a new one at no extra cost from another psychic in our Guild who might be able to connect with your inner self better and more deeply. Our psychics are long-time practitioners in their various arts and sciences and have earned a loyal following wherever they go. With their combined expertise, expect amazing, straightforward, insightful results to your life's concerns. Now, with the Universal Psychic Guild going online, they are able to spread forth the liberating benefits of the psychic realm to a wider audience.
