The online industrial buying guide, IndustrialLeaders.com, introduces a specialized buying guide and directory of enclosure manufacturers.

PR9.NET November 11, 2006 - Westboro, MA - Conrad Bailey, Business Director of IndustrialLeaders.com, announced to the media today the launch of a new directory of manufacturers that produce enclosures published exclusively on the company's Web site.

The new directory includes offerings from manufacturers and suppliers of all types of enclosures for industrial and construction applications. Including offerings primarily but not limited to manufacturers in the United States, Canada, Australia, United Kingdom, South Africa, New Zealand, India, China, Germany, Italy and most European Union countries.

The types of enclosures in the directory include air pollution, test chambers, CMM enclosures, printer, cab, pump generator motor, rack mount enclosures, weather proof, cleanroom, radiation shielding, screen, tank, dynamometer test, computer, tool room, vibration proof enclosures, watertight, temperature control, wire, paint finishing, corrosion resistant, electrical, dust-free, environmental, explosion proof and custom made enclosures.

Other enclosures available in the directory include metal power distribution, gas turbine, fiber optics, equipment enclosures, furnace, hazardous material housing, in-plant enclosures, machine safety, mobile cart, heating, HVAC enclosures, machine robotic, acoustical noise sound, EMI/RFI shielding enclosures, electronic, automotive, medical, battery, irrigation, aircraft, laboratory, pipe and duct, military specification and outdoor enclosures.

The new directory is located online at, <http://www.IndustrialLeaders.com/listings/enclosures.html>

According to Bailey, international suppliers in the directory are able to manufacture enclosures in a wide range of materials such as aluminum, carbon steel, concrete, metal, plastic, stainless steel, wood, lead, ceramic, custom metal, bullet proof, anti-theft, die cast aluminum, fiberglass reinforced plastic, glass, copper, bronze, nickel and sheet metal.

"Our new enclosures directory was created with the buyer's needs in mind," says Bailey. "Companies or individuals in need of an enclosure for industrial or construction applications can submit a request-for-quote directly to manufacturers listed on the site."

He added, "To stay with our focus of offering a multinational user friendly Web site, the directory will soon be available in other languages in addition to English such as Spanish, French, Portuguese, Dutch, Italian, Chinese and Polish."
