*With new facilities, 2007 realises a dream of helping more events generate higher revenues.*

PR9.NET December 04, 2006 - Williamstown, New Jersey -- Golf-Holeinone LLC, President and Founder, Roy Feldman announced today that the firm has moved into a new facility at 303 Oak Street in Williamstown, New Jersey 08094. Golf-Holeinone LLC specializes in golf hole in one insurance, putting contests and other fundraising events. The firm has been helping event organizers for the past 8 years increase their event revenue. Golf-Holeinone LLC has teamed with a leader in Art Auction Memorabilia and will now offer events another option for increasing revenue. Golf-Holeinone LLC can now arrange for fund producing Silent Auctions at any fundraising activity. Golf-Holeinone LLC can actually sponsor these events at no cost to the charity. This is another win - win situation that the company has implemented.

Stated Roy: "By helping others achieve their goals, the company's goals are reachable and maintainable. We can show every event organizer how to net more revenue through our unique services. By using our silent auction techniques alone, most events have netted an extra 1000-1500 dollars. Now, with a new facility we will be able to expand our base and help more events. We are excited about this coming year and anticipate large growth through helping more events."

Golf-Holeinone LLC has worked with various events including Rotary Clubs, Lions Clubs, Chamber of Commerces, Educational Foundations, American Legion, VFWs and other charities. Golf-Holeinone LLC can tailor any event to the customer's needs and has proven it's ability to make the event fun filled and memorable for all the participants.

###

## About Golf-Holeinone LLC

Golf-Holeinone LLC provides golf hole in one insurance, putting contests and other fundraising events with insurance for prizes through a BESTS RATED A+ insurance company (Indian Harbor). We also provide event organizers with unique ideas that help them generate more revenue.
