*In this writer's opinion, EDC is not only genius, but a definite sign of things to come. The system takes full advantage of the world wide scope of the Internet, and the brilliance of automation is appealing to a mass market, ensuring that many more companies will follow suit.*

PR9.NET December 11, 2006 - Chicago, IL - Easy Daily Cash, a successful home-based Internet opportunity created by Michael Corcoran and Craig Garcia, has announced the launch of the new Dubbs Marketing System for EDC and the new EDC Gold.

EDC is a complete, turnkey online marketing program that allows a marketer to earn 100% pure profit of either \$297 for EDC or \$997 for EDC Gold. With the much anticipated release of the Dubbs Marketing System, EDC and EDC Gold are experiencing new levels of excitement and sales growth. "This is an extremely exciting time to be in EDC and EDC Gold!" says Craig Garcia.

Why is the idea of 100% commissions so innovative? Simply put, the company will not succeed unless its members are compelled to maintain their membership. The only way members retain membership is when there is real value with the product and the members are succeeding and making money.

EDC is an excellent program to add to anyone's home business portfolio. In fact EDC is already becoming the primary business of many internet marketers, fast replacing the income from their primary program such as Coastal Vacations, Predator Marketing System, Liberty League, etc.

"The Easy Daily Cash System, we believe, will be a tough act to follow, providing much more value than many competitors. Anybody who is familiar with other direct sales opportunities and looks at Easy Daily Cash or Easy Daily Cash Gold will see that it's clearly a superior option for most marketers," says Craig Garcia.

Anyone developing a home business online will benefit from the massive collection of software and information provided by Easy Daily Cash. It has a retail value of over \$100,000 and is available to all Easy Daily Cash members in their private member's area website for an absolute steal of a price. Every product has master resale rights as well, which can create multiple income streams. Updated software and information products are added on a regular basis to the package as well.
