Well known UK based fitness equipment site Simply Fitness Equipment are now launching a brand new Reebok Fitness range. Simply Fitness Equipment will now make the Reebok 3,5, and 7 Series equipment available on their site.

PR9.NET January 26, 2007 - Nottinghamshire: UK – SFE has updated their already wide range of products and manufacturers with the Reebok 3,5 and 7 Series gym equipment. The range encompasses 11 new products consisting of three treadmills, three exercise bikes, three elliptical cross trainers and two rowers.

The products are split into three different ranges 3 Series a good range with advanced features for a budget price, the 5 Series, products with more special features and a very reasonable price and the 7 Series, top range fitness equipment packed full of gadgets for those wanting a little more. Some details of the products are below but you can check out the full range and all technical specifications on Simply Fitness Equipment.

Reebok 3 Series Treadmill

The Reebok 3 Series treadmill is a fantastic started point for the newly budding fitness enthusiast. It features a stylish black frame and state of the art computer display which shows time, distance, calories, speed, pulse, user data and incline profile.

Reebok 5 Series Elliptical Cross Trainer

This top range elliptical trainer comes with a 8kg flywheel and 16 levels of electronically adjustable "mag force" resistance.

Reebok 5 Series Rowing Machine

The 5 Series rower is a magnetic resistance rowing machine that offers a full body cardio vascular workout. It has an attractive black and silver frame with a central position rowing profile and large, strapped foot rests for added comfort and safety. The 5 Series also features 16 different resistance levels so that no matter what your level of fitness this rower is the perfect choice.

Reebok 7 Series Exercise Cycle

The 7 series exercise cycle is a perfect choice for the true fitness professional. It features 16 levels of electronically adjustable 'Mag-Drive' resistance on a 9:1 gear ratio. It is also decorate in a chic gun metal grey so you can workout with both style and efficiency.

Each of the products has many more features which you will be able to read about on the website as well as viewing a full technical specification and live sales assistance to answer any queries that you may have. Why not visit Simply Fitness Equipment today and get you excellent Reebok equipment.

About Kybotech

Kybotech Ltd was established in Yr 2000, principally as an on-line retailer of garden, home and leisure products. Kybotech's web sites quickly established themselves as category leaders and the portfolio of brands rapidly expanded.

Kybotech's winning formula of excellent design and excellent back office IT has been completely developed in house. Utilising a staff of dedicated professionals, Kybotech has no dependence on external design, IT or marketing agencies. This high degree of expertise has more recently led to a further expansion of the business, into providing IT support to others who may be starting up in business or improving their own design and IT back office support.
