*Golf Made Simple Golf Schools is bringing it's International reputation to the award winning Southern Hills Plantation course in North Tampa, Florida, USA. With Golfers from 6 of the 7 Continents traveling to attend GMS classes; this brand new Pete Dye Signature Course says - "We love Golf Made Simple!"*

PR9.NET February 13, 2007 - Brooksville, Florida, USA - Golf Made Simple has announced a deal to expand their Internationally recognized golf school to Southern Hills Plantation in Brooksville, Florida. GMS was founded by highly acclaimed PGA Professional, Marc Solomon, with locations in San Diego, CA, St. Augustine and Amelia Island, FL, and now the Tampa area.

Honorary President of The PGA of America, M.G. Orender, commented on the deal, "I'm able to meet the best of the best in the golf business. And as a golf course owner, I want only the best at my golf courses. So saying that, it shouldn't be a surprise that we have partnered with Golf Made Simple to be located at 3 of our golf courses including our brand new Pete Dye Signature golf course."

Travis Norman, the Executive Vice President of Hampton Golf Clubs (parent company of Southern Hills Plantation), says, "From a consumer standpoint, not only is Golf Made Simple a successful business partner, but they're also my personal golf coach. Their user-friendly philosophy is what's so appealing to me. I've been around a lot of golf philosophies and Golf Made Simple's is truly very simple, even for the low handicap golfer. I go to GMS three to four times a year to keep my handicap in the single digits. Marc's enthusiasm and belief in the system is very refreshing. A lot of times Instructors are just going through the motions... it's different with Golf Made Simple."

Golf Made Simple is excited about their partnership with Southern Hills Plantation, one of the best new courses in the United States with a hilly terrain that is unusual for Florida. The course boasts a diverse landscape with elevations of 60 to nearly 250 feet. The only Pete Dye designed course in the Tampa area, the course tests every aspect of a Golfer's game.

Known for attracting Golfers from around the world, Golf Made Simple is excited to increase Southern Hills's international recognition among Golfers. "We love the exposure that Golf Made Simple will give us. We already have a few international members and are hopeful that Golf Made Simple will welcome in more global residents," says Randy Houseman, General Manager of Southern Hills.

Southern Hills knows that Golf Made Simple Golfers are typically repeat visitors who enjoy returning each year with friends and family. Southern Hills is optimistic that their business deal with Golf Made Simple could help lead to an increased number of property sales. "We're sure that when Golfers get a taste of the lifestyle at Southern Hills while they're with Golf Made Simple, that they'll enjoy it so much that they'll want to return," comments Houseman.

Reservations are now being taken for GMS classes which are limited to only four Golfers per class to allow for individualized instruction.

## About Golf Made Simple Inc.

The philosophy of Golf Made Simple is what you would expect - simple. Prior to Golf Made Simple, most Golfers have 13 different swings for the 13 woods and irons in their golf bag, which is complicated to keep consistent. GMS helps these Golfers to simplify their game by having one swing for all 13 clubs. "92% of golfers who come to Golf Made Simple looking to break 90 have been successful in reaching their goal!"
