MuBiz.com, an entertainment marketing firm, alerts consumers on how to get new name brand dvd players and more at no cost.

PR9.NET February 07, 2007 - CROCKETT, Texas - MuBiz.com, an entertainment marketing firm, has a digital ebook revealing how consumers can get new name brand products at no cost from manufacturers as AOL, Sony, Pioneer, Panasonic, RCA and more. Products include; cell phones, dvd players, computers, and laptops.

Until recently, the marketing firm served the music industry, representing independent musicians. After expanding its client base, it has recently taken another step with presenting alternative information to the public.

"It is an ideal situation to discover unique and interesting individual, product, service or situations to present to the public," says Kenny Love, president. "And, since computers, and laptops are some of the most sought after products, we feel that our new informative resource will be welcomed as most people prefer to obtain brand new name brand electronics without the necessity of paying exorbitant retail prices for them."
