BFO implement new rendering improvements and bug fixes in new version of Java PDF Library with the help of Intralinks

PR9.NET February 22, 2007 - London, England - Big Faceless Organization (BFO), provider of high quality Java software components, have released version 2.7.7 of the Big Faceless Java PDF Library.

BFO has been working closely with Intralinks, the World's leading provider of virtual dataroom services. The BFO technical team have now implemented a number of rendering improvements and fixes for some unusual PDF documents in the latest release of the Java PDF Library. These fixes have come on the back of correspondence with Intralinks and have resulted in increased stability and performance with regard to their deployment.

Intralinks have incorporated the Java PDF Library Extended Edition into their On-Demand Workspaces™ solution, which enables the secure online exchange of sensitive business information across enterprise boundaries.

Kyle Lomeli, an Intralinks spokesman, says, "What appeals to me is Big Faceless' customer support. I was very impressed with the responsiveness of Big Faceless. I always felt [they] had our interests in mind when addressing our concerns."

Download a free fully functional trial version of the Big Faceless Java PDF Library at: <http://big.faceless.org/products/download.jsp>
