PR9.NET April 15, 2007 - Los Angeles – Level Promo Gifts, one of the country's leading suppliers of Wholesale Promotional Pens and Mugs has unveiled its new website, www.LevelPromoGifts.com, in light of its corporate re-imaging program and the firm's expanding operations which have surged in the last three years.

In 2006 alone, Level Promo Gifts has added more than 100 new items in its collection of wholesale ball pens, fountain pens, roller pens, plastic pens, mugs, calculators and other promotional gift items. Though their new website is expected to showcase their entire inventory, Level Promo Gifts has opted to put greater emphasis on their elegantly engraved metal pens and personalized mugs which have become leading choices for corporate giveaways.

"Our goal is to keep our customers up to date with the latest products in the Gift Promo Industry. While the classic ball pen still constitutes a significant percentage of our wholesale market, engraved metal pens and hot new items like magnet pens and imprinted mugs have elicited great response from customers who have always had a preference for novelty."

"The best way we can keep our loyal customers informed is to promote all our new pens and mugs in our website's product catalog. With our improved search and navigation interface, wholesale and retail customers should find no trouble searching through our entire collection of wholesale pens, mugs and calculators.
