Ultimate Business Planner used by Innovate ND participants.

PR9.NET May 21, 2007 - FARGO, ND - Atlas Business Solutions, Inc. (ABS), a leading developer of easy-to-learn, easy-to-use, and affordable business planning software, was one of the sponsors of Innovate ND. ABS provided the Ultimate Business Planner software that each Innovate ND participants received when they signed up for the competition. Ultimate Business Planner leads entrepreneurs through the process of financial forecasting and writing a business plan.

According to Bruce Gjovig, entrepreneur coach and director of the UND Center for Innovation, "Ultimate Business Planner was chosen because it gives entrepreneurs thorough business plan examples to follow when they are building business plans for their new venture and has been successfully used by thousands of startup companies. Innovate ND participants can use the business plan samples in Ultimate Business Planner to create marketing plans, operating plans, and financial projections that include cash flows, income statements, and balance sheets." Innovate ND is an annual competition that looks for innovative business ideas from emerging entrepreneurs across the state of North Dakota. Winning participants have media opportunities, professional services, entrepreneur mentors and networking, and seed capital available to them. Jon Forknell, vice president and general manager of ABS, also participated in the North Dakota Governor's Innovation Forum as a member of the organizing committee.

###
