Audio4fun.com – AVnex Ltd. has announced today that they have updated their catalog of free ringtone archive at Audio4fun Community. Users can download free ringtones at <http://www.audio4fun.com/funny-ringtones.htm>.

PR9.NET June 01, 2007 - Nicosia, Cyprus - Helen Le from Audio4fun Community told us today "Our free ringtones are now very popular. With a wide range from alien, animal, DJ, music, nature, funny ringtones to Halloween, Valentine's Day, Christmas and New Year ones, we're now serving thousands of users all over the world who want to make their cellphone unique."

These songs and audio clips are made by Music Morpher Gold 4.0 and older versions' users who were inspired from using the all-in-one Music Morpher Gold. The database consists of hundreds of ringtones to please not only Audio4fun Community members but also everyone who accesses it. It is updated weekly to bring more joy to everyone.

"To make it easier for users, we've just categorized our bulk archive of ringtones. The top 5 downloads indicates the top 5 songs or sounds downloaded from the page, regardless of the categories they are in."

On releasing new Music Morpher Gold 4.0, they give away 20% OFF coupon for everyone who is interested in purchasing the Plus version. Check it out here: <http://www.musicmorpher.com/special-offers.htm>.

They have just released the Ringtone Maker page at <http://www.audio4fun.com/ringtone-maker.htm> to help their users to make their own ringtones in a few clicks with Music Morpher Gold 4.0. For advanced users, they suggested "How to create a ringtone from a favorite song" at <http://www.musicmorpher.com/free-tutorials/create-ringtone.htm>.

Users without any registration can submit their unique ringtones to Audio4fun Community from this link <http://www.audio4fun.com/community-upload.htm>.
