UK's online shop of artificial plants EasyPlants included Coconut Palm Tree, The Solitaire Palm Tree, and the Grand Phoenix Palm Tree to collection of artificial palm trees available at www.easyplants.co.uk

PR9.NET June 22, 2007 - United Kingdom - EasyPlants is a online retailer of artificial plants and trees delivered to customers throughout the UK. Recently EasyPlants has added new range of palm trees to the plants collection.

Managing Director of EasyPlants Peter Drinkell tells, "Over the last 6 months our customers asked us on a regular basis about stocking a range of realistic palm trees of a medium height, approximately 8ft tall. We decided on a range of 3 varieties that would suit our varied customer base of hotels, businesses and larger homes.

The Coconut Palm Tree, The Solitaire Palm Tree, and the Grand Pheonix Palm Tree are hand made trees replicated from real palm trees.

The Coconut Palm tree is a beautiful looking palm tree that is perfect for all venues, whether home or business this palm will make the perfect focal point. The height being approx 240cm around 8ft tall when spruced.

Solitaire Palm Tree originates from Australia and has a wonderful full foliage with feather shaped leaves, and thin crown shafted trunks with faint rings. This stunning Palm tree is perfect for homes and businesses as well, with the height is approximately 230cm, around 8 feet when spruced," continues Peter.

"The Grand Phoenix Palm is a truly palm tree of grandeur and scale, that stands over 8ft tall, and has amazing lifelike foliage, and intricate stems. Its beautifully crafted leaves of deep and light greens clearly make it a focal point for any large room, hotel lobby, function room, or restaurant.

You can see all range of palm trees on our website at <http://www.easyplants.co.uk> where is a variety of photos for each tree in lifestyle surroundings," finishes Peter Drinkell.
