PR9.NET June 23, 2007 - Lake Placid, New York – The Golden Arrow Lakeside Resort is currently offering "Romance Package Add On" which includes transformation of the guest room into a romantic hideaway with red or white wine, two commemorative wine glasses, a corkscrew, a free in-room movie, a coupon for a wine tasting for two @ GooseWatch Winery, & two coffee drinks & a dessert to share at the Coff-E-Bean Cafe (located on premises in the Alpine Mall). This innovative package enables couples to make the most of their Lake Placid vacation while adding romance and adventure. The add-on rate is \$50.

"This Add On is specially designed for couples to add romance into their Lake Placid vacation while exploring the serenity & beauty of the Adirondacks; we wanted to offer something more than accommodation." says Jenn Holderied of Golden Arrow. She also says, "It is geared not only for honeymooners, but for couples celebrating anniversaries, engagements or simply celebrating each other."

The Golden Arrow has a myriad of Suites and Specialty rooms to fit the needs of any traveler. Guests looking to escape somewhere private together may be interested in one of the Specialty Rooms with fireplaces and oversized whirlpool tubs. Normandy is a fine example of the types of romantic surroundings the Golden Arrow can provide. It has a king size bed and a comfortable sofa perfect for reading the paper in front of the wood burning fireplace. Enjoy the spectacular view from your private balcony on the fifth floor. A whirlpool tub for two helps ease your muscles after a long day of skiing, hiking, or lying on the beach. There are other larger Suites in case you wanted to bring the family.

All room designs are inspired by guest suggestions and requests. The suites and specialty rooms feature amenities such as fireplaces, over-sized whirlpool tubs, kitchenettes, two bedrooms suites, and guest chambers designed specifically for entertaining.

For aquatic pleasures, Golden Arrow provides heated indoor pool with sauna, steam room, hot tub, and private white sand beach with complimentary canoes, rowboats, paddle boats and kayaks for exploring the shoreline. For winter fun, Golden Arrow's travelers can skate on the ice rink or can take a dogsled ride.
